Praise:

- Caleb (VCS kids) is cancer free!! The spots on his lungs that they planned to remove are completely gone! The doctors were amazed and said they have never seen that happen before and have no explanation. They were also able to save his leg by removing the tumor and putting in a rod that will grow with him. You can go to the VCS website for his full story.

- Robert Holland's cancer has not spread, so no further treatments are needed!!!

- Maggie K's nephew, Aram, fell last week, causing broken bones and a blood clot in his brain. He is home and healing, but because of the fall they discovered a brain tumor which they can now remove before it grows! God works in mysterious ways!!

New Requests:

- Frances Kelly, Audrey Watt's mom, had surgery to remove both of her legs from above the knee. The surgery was a success and Frances is no longer in pain. Prayers for healing and possible artificial leg fitting.

- Marcia is having cataract surgery on her other eye on Wednesday.

- Sheri's friend Kelcie was diagnosed with skin cancer and is undergoing chemo. She has 4 young kids.

- Prayers for Fischer's daughter Kathy, for peace in her heart and peace in the home.

Do everything with so much love in your heart that you would never want to do it any other way.

And let us consider how we may spur one another on toward

love and good deeds.
